JP2500

**Hand Pallet Trolley
(2500 Kg.)**

- Low maintenance costs because of fewer breakdowns
- Built-in overload valve and totally sealed hydraulic pump, seals of hydraulic pump are imported from Germany
- Heavy duty one piece "c" section forks for greatest strength and durability

- Nylon entry rollers prevent physical exertion of the operator and protect load wheels and pallet

- Easy and quick lowering
- Effortless lifting

The JP 2500 hydraulic pallet trolley lifts and transports 2500 kg pallet loads effortlessly. The trolley is invaluable for use inside factories, warehouses, docks, railway workshops and wherever pallets are to be transported, in the most efficient and reliable way.
