

Since 1907

# Technical Services

**Noise & Vibration Measurement and Analysis**  
*"We help to improve the quality of your product"*

*Josts, through technically competent team of domain knowledge experts, helps to cater NVH measurement and analysis requirements across all engineering verticals.*

- **Structural Vibration analysis**
  - ODS and OMA
  - Estimation of Modal parameters
- **Noise Source Identification and Sound Power Determination**
- **Air Borne and Structural Borne Noise measurements**
  - MIL-STD-740-2, MIL-STD-167-1, 167-1A, MIL-STD-17508
- **Architectural Acoustics**
  - Reverberation time - EDT, T20 and T30
  - Air Borne Sound Insulation
  - Impact Sound Insulation
  - Facade Sound Insulation
- **Sound Quality & Jury tests**
- **Rotating Machinery Diagnosis**
  - Order Tracking
- **Low Frequency Vibration**
  - Bridge, Ground & Building Vibration

## Jost's Engineering Company Limited

- Bengaluru ● Chennai ● Delhi ● Kolkata ● Mumbai
- Pune ● Secunderabad ● Vadodara
